Ask HN: Are there tools that I can use to create a searchable pdf document? - tomphoolery Since websites have started going to PDFs like crazy, I figured it'd be useful to be able to create a searchable document that I could send to friends to jump-start a project. I'm just looking for something relatively simple that works like Google Docs: ===== teaneedz You should be able to have most of the following searched in Google: Docs, Slides, Sheets, Docs Connect and Forms.

### What's New in the Adobe Photoshop CC 2015 Version 17?

Q: Cannot move Panorama Control Items on the View using Panorama shell Items I have a view with a Panorama and a PanoramaControl on it. The Panorama is filled with shell items, these contain buttons, labels, and lots of other stuff. When I click on one of those shell items, sometimes it moves the shell item around the view, as expected, but sometimes nothing happens. What is the difference between the two cases? What is the reason for this behaviour? What can I do to make it work always? A: This problem is related to the way the Panorama Control handles rotations. You can try this workaround: Add the following code to the OnApplyTemplate method of the Panorama control's template:  
`protected override void OnApplyTemplate() { this.TranslateTransform = new TranslateTransform(0, 0); }` As seen on ScamBusters and BeforeScam.com The Stalker is a love-sick obsessive from the Internet The Stalker had an on-line relationship with a victim for over two years. On-line relationships can be the best or the worst; the victim in this case knew that the relationship would have to end at some point and so decided to agree to no contact. Unfortunately the Stalker found this was just too difficult for him. It's too bad he couldn't just have told the victim he was going to stop contacting her, but he thought the victim was out of his life for good. When the victim, a young woman, worked, the Stalker used an elaborate series of dodges to find her. Those who attempt the Stalker's style of stalking, may not have his particular skills, but they share a common goal of a longer-term relationship. This story is the second in a series of On-Line Stalking cases If you have been approached by a Stalker please read this report first. Case 12 -The Stalker First victim The Stalker began to stalk the first victim as early as February 2000 As a little boy he was obsessed with comic books and had an extensive collection. When he was fifteen, he purchased the first of his 8 printers, an HP LaserJet 2P. The very first printout was of a picture of him with his new printer.
